

Reimagining T-Cell Therapy: An Unconventional Path to Universal CAR-T Cells

Lili Yang, PhD

Professor, Department of Microbiology, Immunology and Molecular Genetics, UCLA; Eli and Edythe Broad Center of Regenerative Medicine and Stem Cell Research

Hosted by

Dan Kaufman, MD, PhD

Professor, Department of Medicine,
Division of Regenerative Medicine;
Co-Director, Sanford Advanced Therapy Center

Sponsored by

UC San Diego

SANFORD STEM CELL INSTITUTE
Sanford Stem Cell Discovery Center

Thursday, Jan. 8, 9:30 – 10:30 a.m.

Duane Roth Auditorium

Sanford Consortium For Regenerative Medicine

2880 Torrey Pines Scenic Drive

La Jolla, CA 92307

Refreshments will be served Attend virtually through Zoom: <https://ucsd.zoom.us/j/95780022234>

RSVP Here

Learning Objectives

At the conclusion of the activity, the participants will be able to:

- Treat patients with stem cells more effectively as a result of multidisciplinary discussion
- Disseminate the latest research and clinical advances on stem cells and regenerative medicine to promote improved strategies and methodologies
- Promote further investigation into topics involving stem cells and regenerative medicine
- Translate stem cell and regenerative medicine research from bench to bedside

Accreditation Statement

The University of California San Diego School of Medicine is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians. The University of California, San Diego School of Medicine designates this live activity for a maximum of 1 AMA PRA Category 1 Credit(s)[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
